Please review the very large list and let me know if you are interested in being the R7 contact for the listed parts. Due to retirements/realignment we are needing to assign/reassign POCs. These POC duties are not heavy lifts, but intended to be a sort of clearing house of call from the outside and pointing the caller to the state counter if its been delegated. Let me know if there are any questions. I will be meeting with ARD managers next week to discuss.

Thanks
